

About Ateco

In 1905 August Thomsen began his company whose product line focused on a selection of cake decorating tools derived from both the traditional tools of his native Germany and his own designs.

Based out of Glen Cove, New York, the company heritage continues today under the leadership of the founder's great grandsons, Jeffrey and Douglas Schneider. Their current offerings consist of a comprehensive line of specialty baking tools that include cake decorating bags and tubes, pastry and cookie cutters, rolling pins, spatulas, turntables, pans, rolled fondant icing, and food colors all under the Ateco brand.

Ateco products are internationally renowned for their high quality and are available at fine bakery supply, restaurant supply and kitchenware stores worldwide.

With the latest launch of the Ateco website, our products are now available for purchase directly from our company as well as from our retail customer outlets. Enjoy Ateco products knowing they are the result of over one hundred years and four generations of innovation and development.
